

## Video-To-Go

### Video Conferencing, Web Meeting Services, Video Conference Solutions

Did you know that Genesis Networks offers products that could provide exceptional benefits to not only your business, but to your personal life outside of work as well? You will immediately be impressed with the value we offer, which can be measured in several ways. First, it is competitively priced to keep your initial cost to a minimum. Second, it will allow you to stay connected with friends, associates and loved ones without the costs and hassle of travel. Third, the quality makes it a great value.

What if you could meet with prospects, clients, students or associates without having to leave the comfort of your own home or office? By using Genesis Networks 100% Browser-Based Video & Web Conferencing, those “What ifs” turn into a reality!

Imagine being able to:

1. Hold virtual face-to-face meetings with employees, prospects, clients, students or anyone else you choose.
2. Extend your company's reach to global markets you were unable to reach before due to travel costs.
3. Increase internal business productivity by allowing departments to hold meetings, interviews and take part in project collaboration.
4. Build customer loyalty by offering personalized sales calls, training or technical support.
5. Hold virtual training for employees spread out between many different locations.
6. Promote new product releases fast and effectively.
7. Host large meetings without having to find a location or make travel arrangements.
8. Support and help clients without sending out a technician or a representative.
9. Allow multi-party collaboration on demand.
10. Provide flexibility to employees by offering a completely digital workspace.
